Let yourself be carried by the winds and enchanted by the sea.

Experience unforgettable moments with us. We cruise the Aegean Sea with our sailing yacht and make the summer with you unique.

We sail, fish and explore the islands. Maybe in the morning we'll walk to the top of an island and back.

We get to know the country and its people. We are welcome visitors to a wonderful Greece.

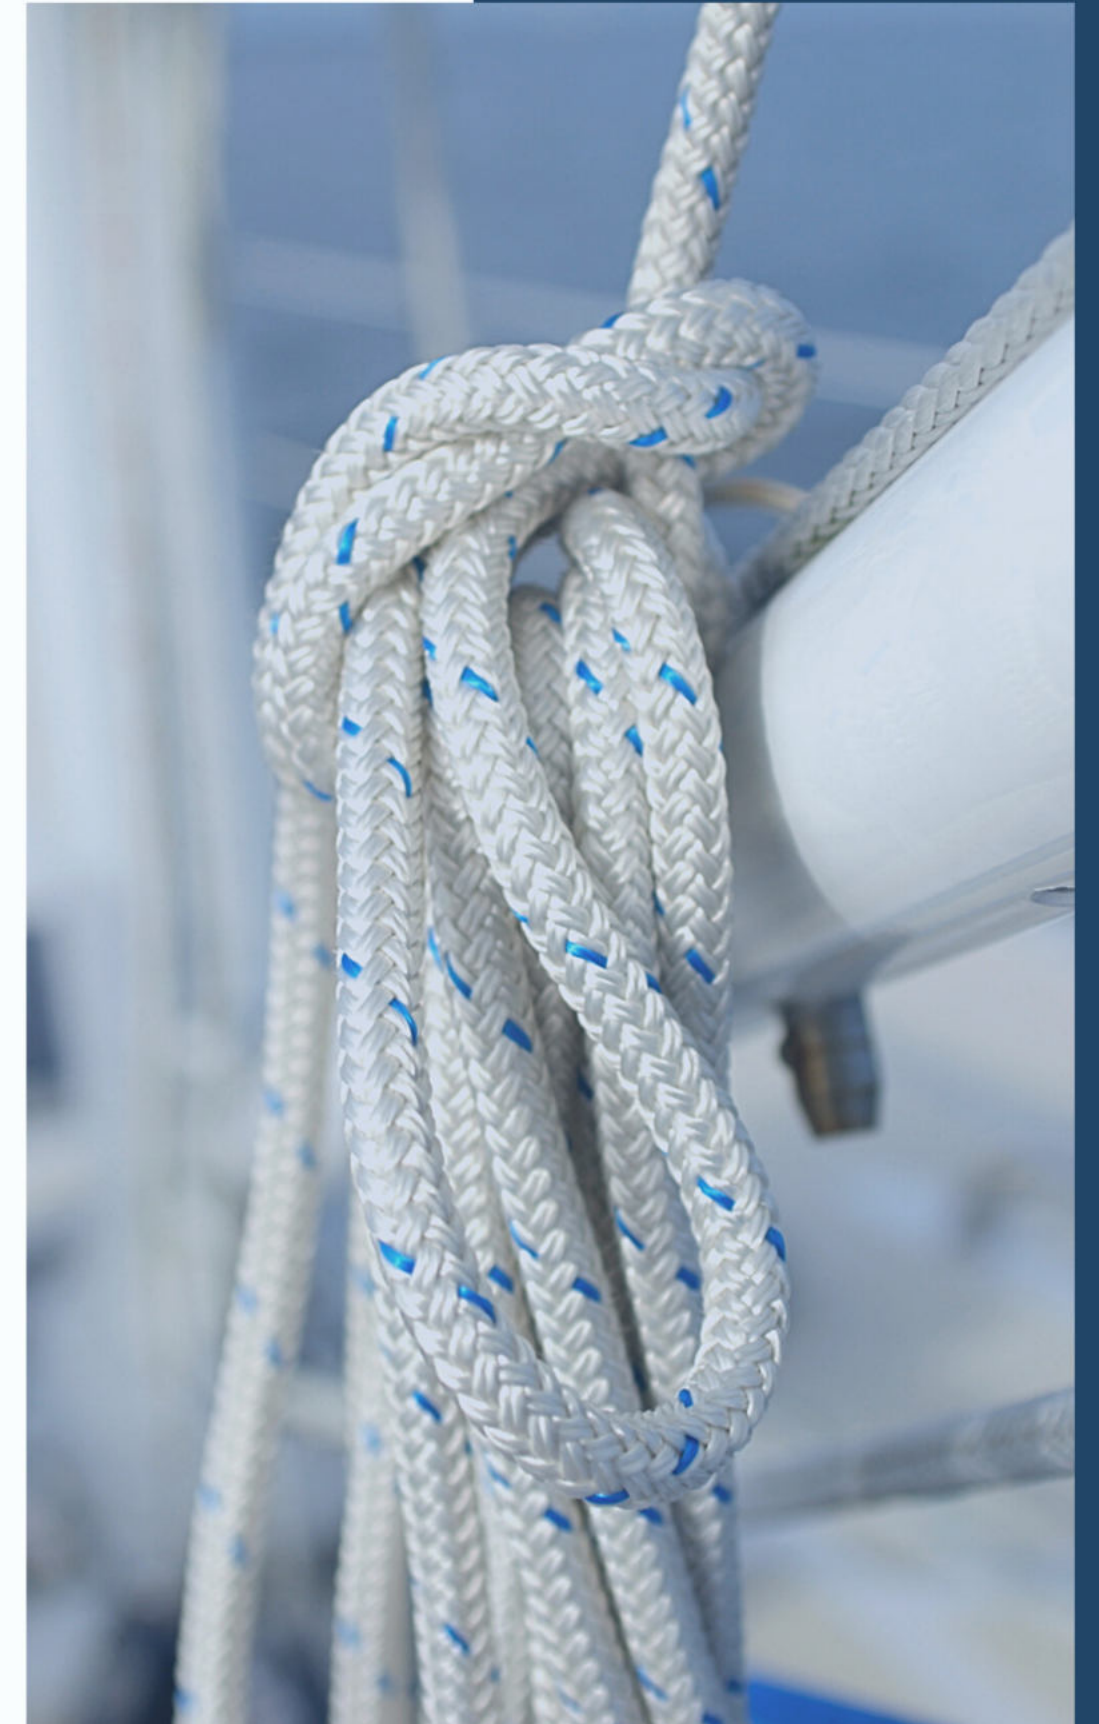

Maybe we'll have a BBQ on board or on the beach, we decide together the next goal for the coming day. It is the best way to get to know the Greek islands - from the sea with our sailboat.

After the first few days full of nature and relaxation, we set off to explore the cities. By night and by day. You are free and can do whatever you want.

During the day you will dive into the blue sea with us and in the evening you will stroll into the shining city.

On the way home you will take with you a wonderful experience that will put a smile on your face for weeks.

Be yourself and live your life. Welcome on board.
